Tuesday, Sept. 1

- South View Elementary: An instructor with the after-school program has tested positive. After conducting contact tracing, we have identified 3 students as close contacts. They were all removed from school today and sent home to quarantine for 14 days as outlined on page 7 of our [Reopening Plan](#). As a reminder, siblings of close contacts do not need to be quarantined and can keep going to school. Quarantined students will continue with their schoolwork from home using our [Schoology](#) learning management system.
