Wednesday, Sept. 2

- West View Elementary: A student has tested positive. This student was sent home from school today after we received the positive report. After conducting contact tracing, we have identified 6 other students as close contacts who have been sent home to quarantine for 14 days as outlined in our [Reopening Plan](#). As a reminder, siblings of close contacts do not need to be quarantined and can keep going to school. Quarantined students will continue with their schoolwork from home using our [Schoology](#) learning management system.
