### Thursday, Sept. 24

- Southside Middle School: A student has tested positive. This student was last in school Thursday, September 17. After conducting contact tracing, we have identified 16 other students as close contacts. They were all removed from school today and sent home to quarantine for 14 days as outlined in the MCS [Reopening Plan](#). As a reminder, siblings of close contacts do not need to be quarantined and can keep going to school. Quarantined students will continue with their schoolwork from home using our [Schoology](#) learning management system.
